A WORKERS Unite Statements: Let it be known that the Democratic and Republican parties main and only objective is to make sure that nothing changes in their rich ruling class Capitalist system of government and as we have seen from past elections nothing changes for the working people. We are still being exploited in their factories and other work places where they are making profits off our backs and gaining great wealth from our labor while many of us can barely make ends meet. Workers need to take over the means of production and produce solely for our needs and wants ending the profit system. Then and only then we will have true freedom and Democracy and most of all economic freedom from all. For more information call Ken at 231-652-2865.
