MANY PEOPLE have given their lives for the freedoms we as Americans enjoy. One of those freedoms is the right to vote. Considering what our rights and freedoms cost, we should take them seriously. Basing one's vote for President on a like or dislike for the personalities of the individuals is not taking the right to vote seriously. The policy differences and directions the opposing parties seek to take our country are diametrically opposed. It is incumbent on each person who casts a ballot to do their research, understand the policy differences, and make an informed decision. Bear in mind that Americans enjoy freedoms and opportunities offered nowhere else in the world. If we turn our country over to radical liberal socialists, we will quickly forfeit the liberties that so many fought and died for. I've studied the issues. I know what matters to me, and I support Donald J. Trump for President of the United States.
