EXPLOITATION OF our labor, wage slavery, the working poor, politicians that lie and deceive, the rich elite ruling class that keeps us oppressed, drug and alcohol addiction, these are just a few of the atrocities that working people around the world face every day because of the current capitalist system. Change is a must to end poverty and economic inequality. A true undistorted socialist system of government is needed to have a cooperative society where people produce for the needs and wants of society world wide- ending the profit system and taking over the means of production.
